## Revised Strategic Plan 2020/25

## Accounting Authority Statement

The past five years marked an exciting period in the operationalization of Freedom Park. After the completion of construction of Freedom Park, 2015-2020 ushered an era of a unique series of events, activities and strategic partnerships in honouring the heroes and heroines as inscribed through the Memorialisation of 8 conflicts that shaped South Africa to what it is today.

Freedom Park is a national Legacy Project whose vision is to be a leading national and international icon of humanity and freedom. The struggle for humanity and freedom will always symbolize the universal connections among South Africans of all backgrounds and all ages. This extent to the African continent and the international community, especially those who played a crucial role during the struggle against Apartheid as a crime for humanity.

In realising the vision, Freedom Park has been home for several countries, strategic stakeholders and individuals as they took the journey of healing, reconciliation, social cohesion and nation building. The Council has benefited from time to time participation of these experiences, which had laid a foundation in providing strategic direction and oversight to the entity with a full understanding of the operations.

The entity has experienced challenges in relation to regress in annual audit performance whereby the entity obtained a qualified report in 2017/18 financial year but results has improved in the 2018/19 financial year. The entity has also experienced significant challenges in the financing of maintenance and completion of some infrastructure projects. Internal controls were therefore strengthened to improve and sustain the entity's governance, audit and ethical standing. The entity will put policies in place that strive to eliminate irregular, wasteful and fruitless expenditures. Policies to capacitate the entity with human capital will also be reviewed and applied in compliance to government priorities as were set by the President of the Republic in his State of the Nation Address for the new administration. The Minister's goals will be aligned with the entity's key priorities, especially those of redress, inclusivity and access.

Resource mobilisation will be the focus for the next term in order to grow the visitors' numbers who will consume the Park's products and services as well as to generate funds. This will not be done in vain, but to intensify redress of the past as visitors are

exposed to different memorialisation elements of the park as well as engagements through dialogues, seminars etc. Freedom Park will endeavour to lead in the area of Indigenous Knowledge System. This will be enabled by extensive research on culture, history, heritage and spirituality.

The financial sustainability of the Institution is a key risk and together with the impact of the national state of disaster and the nationwide lockdown has necessitated the need to review the institutional plans to ensure that the plans respond to the COVID-19 pandemic and continued service delivery.

## Accounting Officer Statement

Freedom Park is about emancipating the African voices, telling the world who they are, where they come from, where they are and where they would like to be. Reconciliation and nation building represent one of the national government priorities. In emancipating the African voice, Freedom Park has in the past five years contributed to the processes of reconciliation and nation building from a heritage perspective through engagement with conflicted communities, polarized cultural groups by exploration and celebration of cultural diversity.

The five-year term 2015/2020 under review has seen the entity achieving a record high performance of 87.5% at the end of the term, as compared to other years since its establishment. To date more than 139 000 names have been inscribed on the Wall of Names, which is the main memorial recognising all eight conflicts that shaped South Africa to what it is to date. The entity has recorded an increase in revenue income since its inception, feet through the gate, especially the learners has also grown. The entity has also seen a steady growth of international visitors. The launch of the restaurant, the gift shop as well as the signing of the MOU with the Centre for the Advancement of Citizenry Participation in International Relations (CACPIR) that culminated in the establishment of The Veterans Voice online radio station operating at Freedom Park, are some of the achievements for the last five years.

The journey travelled so far was challenging, eventful, yet worthwhile and successful. Freedom Park has strived to empower visitors to reflect upon their past, improve their present and build on their future as a united nation.

In the past three (3) years the entity has experienced the toughest time due to reduction of government grants which led into deficits for three consecutive years. However, this was overcome through a financial turnaround strategy. The entity has embarked on a fundraising drive which has yielded few achievements in terms of the National Institute for Humanity and Social Science funding for educational programmes for a year, and donation of a mobile exhibition truck from SAPESI that will assist with the outreach. The next term will see the Freedom Park intensifying strategies, policies and models to attract funding from relevant stakeholders so that the entity can remain relevant and sustainable.

The next term offers Freedom Park an opportunity to align with new developments in the country, especially the 4<sup>th</sup> industrial revolution on technological developments. These developments will see the entity introducing online bookings, improving virtual tours as well as Customer Relations Management systems aimed at enhancing customer oriented experience. These developments will give an opportunity for structural alignment.

## Part A: Our Mandate

### 1. Freedom Park mandate

Honour the heroes and heroines of the struggles for freedom and humanity by memorialisation and storytelling that narrates a story spanning a period of 3.6 billion years through the following seven epochs: Earth, Ancestors, Peopling, Resistance & Colonisation, Industrialisation & Urbanisation, Nationalism & Struggle, and Nation Building & Continent Building.

### 2. Constitutional mandate

Constitutional mandate relevant to Freedom Park includes:

Chapter 1	Human dignity, citizenship, national anthem, flag and languages.
Chapter 2	Bill of Rights.
Chapter 4	Compliance and adherence to Parliament in terms of it being the supreme authority.
Chapter 9	Schedule 3A Public Entity.
Chapter 10	Adhere to basic values and principles governing public administration.
Chapter 12	Align ourselves with the recognition and role of traditional leaders.
Chapter 13	Compliance with Treasury Regulations.

### 3. Legislative and policy mandates

- The Constitution of the Republic of South Africa, 108 of 1996.
- National Treasury Regulations.
- Public Finance Management Act, 1 of 1999.
- National Heritage Resources Act, 25 of 1999.
- Public Audit Act No. 25 of 2004.
- Cultural Institutions Act, 119 of 1998 effective from 01 April 2009.

### 4. Relevant Court Rulings

There are no court rulings that may have had a significant impact on Freedom Parks' ongoing operations and/or service delivery obligations. Nonetheless, suitable legislative frameworks, codes of good legal practices and resources have been put in place to mitigate such future risks.

## **Part B: Our Strategic Focus**

### **5. Vision**

To be a leading national and international icon of humanity and freedom.

### **6. Mission**

To be a pioneering and empowering heritage destination that challenges visitors to reflect upon our past, improve our present and build on our future as a united nation.

### **7. Values**

In carrying out our mandate, we *are* committed to the following values that support the principles of Ubuntu:

- Respect of diversity
- Inclusivity
- Integrity
- Transparency and Accountability
- Patriotism
- Human dignity

### **8. Situational Analysis**

#### **8.1 Internal Environment**

Freedom Park is a liberation heritage memorial and symbol of reconciliation - established to create and foster a post-apartheid national consciousness of the common legacy that binds the people of South Africa. The mandate of Freedom Park is to honour those who died in the struggle for freedom and humanity and to foster reconciliation, social cohesion and nation building in the country and also narrates the story of creation dating back 3.6 billion years to emancipate an African Voice. With its unique architectural structure with infusion of African features State of the art technology, Freedom Park has been Voted one of the top ten architecturally outstanding museums in the world.

Freedom Park is improving and maintaining its reputation as an institution which drove programmes of social cohesion, nation building and reconciliation through dialogues, seminars and other related events. The entity established and developed a close working relationship with electronic and print media platforms. Collaborative events with like-minded institutions received positive media coverage from community, regional to national media resulting in a record high advertising value equivalence and immense publicity for the organisation. A 3 Star grading by the Tourism Grading council was maintained over the years. Pretoria News readers voted Freedom Park as a heritage site of choice for consecutive three years. More than 54 Head of States and other dignitaries were hosted since inception. 94.2% of customer satisfaction was recorded on yearly recorded. Freedom Park has been chosen to lead the Liberation Heritage Route project for alternative memorialisation of Liberation struggles.

The past five years heralded a distinct period in the history of South Africa with celebration of 25 years since the constitutional democratic rule in the country, the Centenary celebrations of the liberation stalwarts, the first democratically elected president - Mr Nelson Mandela and Mama Albertina Sisulu, the 40<sup>th</sup> anniversary of the passing on of Professor Mangaliso Robert Sobukwe and Publication of the book entitled “Freedom Park: A place of Emancipation and Meaning”.

Over the years, the entity enjoyed the much-needed cooperation of valued organisations and institutions such as the South African Heritage Resource Agency, the National Youth Agency, the National Heritage Council, the South African National Military Veterans, government departments, the embassies, the Names Verification Committee, traditional leaders, spiritual organisations, tourism agencies and political parties. Freedom Park narrates and exhibits the liberation struggle, through four pillars, one of which is international solidarity. The entity continues to work closely with countries that contributed to the liberation of the country on matters of mutual interest and in line with the objectives of the organisation.

Since 2017-2018 financial year Freedom Park reported a consistent deficit, however at the end of 2018/2019, the entity recovered, this being the result of the turnaround strategy implemented. The reported deficit was mainly due to the fact that there has been reduction in grant revenue in the past five years as well as an increase in expenditure due to depreciation, impairment loss and losses on the disposal of assets. The consistent budget cuts also hampered progress in our recovery efforts. The recurrence of financial constrains resulted in a drawback in terms of the maintenance of the organisation - in particular the

Park and Museum. Asset management and the replenishing or refurbishing of obsolete technological and general tools has also been a challenge due to financial constraints. The institution has since catapulted and reinvigorated its fund-raising efforts among others, through venue hire.

## **8.2 External Environment**

Freedom Park in collaboration with the City of Tshwane and the Department of Public Works are in discussions on the developments in Salvokop area that will see access to the Park become more attractive. New ways are being explored in terms of signage and positioning the entity and these include utilisation of digital marketing platforms. A new approach with strategic partnerships is being looked at with an aim of establishing long-term relationships that can yield tangible impacts. Continuous developments and enhancement of product offerings will attract and retain visitors.

The entity can further position itself as the leading Indigenous Knowledge System (IKS) hub, especially with the state of the art Pan African Archives (PAA) infrastructure.

The introduction of a new National Resistance and Liberation Museum threatens the sustainability of Freedom Park. The tightening of Government fiscus has affected all government departments. The entity has over the years lost political support. We are experiencing fewer visits by Head of States to honour heroes and heroines, especially those who supported South Africa during the Apartheid regime.

With the reduction of government grants, it is becoming difficult to maintain the buildings and other assets. The grant reduction combined with the announcement by government of the termination of performance bonus payments will see hostile relations with labour movements.

With the aging ICT infrastructure, there is a possible threat of cyber-crimes in the form of hackings. The infrastructure need to be upgraded to the latest technology and procurement to be aligned to the ICT strategy. The revised ICT strategy aims at addressing the above raised risks and provide mitigations strategies. The implementation of the ICT policies, procedures and processes including framework and standards will enhance the governance environment within ICT, which will align to the corporate governance.

### 9.3 Explanation of Planned Performance over the Five-Year Planning Period

- a) **The contribution of outcomes towards the achievement of the NDP Five-Year Implementation Plan, the Monitoring Framework for the NDP Five-Year Implementation Plan, the mandate of the institution and priorities of women, children and people with disabilities, provincial priorities (where applicable)**

A single and key outcome for the Heritage & Knowledge (HK) Department, the main department that carries on its back the core business of Freedom Park (FP) as the agency of the Department of Sports, Arts and Culture (DSAC), is about 'Redress, Inclusivity and Access'. The fulfilment of this outcome contributes variably to the National Development Plan (NDP, Priority 5: 'Social Cohesion and Safe Communities'); White Paper on Arts and Culture ('Extending arts, culture and heritage infrastructure, facilities and resources beyond colonial and apartheid boundaries', 'Providing education, training and skills through formal and informal programmes'); Ruling Party Manifesto ('Building a united and democratic South Africa that is non-racial, non-sexist and prosperous', 'Promoting nation building, social cohesion and celebrating our diversity as a nation', 'Stepping up the fight against racism, sexism, homophobia and other intolerances', 'Building a better Africa and a better World'); State of the Nation Address (SONA, 'Education and skills', 'Social cohesion and safe communities', 'A better Africa and the World'); and some of the Minister's Ten Point Plan (Outcome 14: 'Social cohesion and nation building', 'Focusing on Africa and a global space', 'Resistance and Liberation Heritage Route (RLHR) infrastructure, 'Programmes that provide access to library and archival infrastructure for all, 'Support school curriculum that teaches correct South African history and heritage (RLHR)'. FP's mandate 'honours heroes and heroines of the struggles for freedom and humanity, in order to foster reconciliation, social cohesion and nation building'. Our HK heritage resource, educational and research programmes target the previously disadvantaged women, youth and people with disabilities as part of the fulfilment of the departmental outcome of 'Redress, Inclusivity and Access'.

Public Participation programme will focus on increasing demands of Freedom Park's products and services in the next medium term period. This will be done through various interventions to support the envisaged outcome. Positioning of Freedom Park as a historical and heritage destination becomes a key factor. Positioning will be done to various target markets inclusive of activities targeting youth and women in honouring heroes and heroines of the 8 struggles memorialised by the Freedom Park. These interventions will help portray and celebrate the role played by youth and women in the 8 conflicts depicted on Freedom Park's Wall of Names. In addition, school children will be targeted to expose them to the

South African history untold so as to encourage emancipation of African Voice in their journey to decolonise education as is the new struggle emerging.

**b) The rationale for the choice of the outcome indicators relevant to the respective outcomes**

On the whole, our HK outcome indicators were carefully crafted with a view to address the departmental outcome of 'Redress, Inclusivity and Access'. The HK department's Heritage Resource Unit outcome indicators deal with acquisition, digitization and processing of archival materials and collections generated by peoples and organizations which were at the forefront of the Pan African struggles for freedom and humanity. We selectively acquire library books that enhance the African and Diasporic storylines of the institution. The names of heroes and heroines that we honour by means of inscription on the Wall of Names and display in the Gallery of Leaders are across the former colonial and apartheid boundaries of race, class, gender and age, and most of the people we honour are those who were previously oppressed and marginalized or would have been excluded. Our temporary exhibitions foreground and celebrate people, organizations, events and stories that shaped our triumph of freedom over subjugation and the victory of democracy over racial discrimination and oppression. In all, the Heritage Resource Unit provides access to heritage resources, knowledge base and infrastructure in the museum, archives and the library to all categories of visitors.

Similarly, one HK Education Unit's outcome indicator is intended to publish materials that support the offering of a variety of quality assured education programmes that provide decolonized, informal and non-formal education on the history of resistance, liberation and heritage (RLH) as a complementary and corrective measure to the existing gaps in the Basic and Higher Education curriculums. The holding of the heritage education event is intended to have a similar effect. Other two outcome indicators of conducting storytelling festival and publishing a collection of stories seek to emancipate the previously distorted and silenced African voice as part of redress. All these Education Unit outcome indicators preferentially target the youth and people with disabilities.

Likewise, the Research & Development Unit's outcome indicators address the HK departmental outcome of 'Redress, Inclusivity and Access'. The outcome indicator on research undertakings on the heroes and heroines of the struggles for freedom and humanity and the holding of workshops to verify, validate and approve such data contributes substantially to the honouring of such stalwarts by means of engraving their names on the Wall of Names and displaying them in the Gallery of Leaders regardless of their race, class, gender and age divisions. Such research undertakings and memorialization of the heroes

and heroines straddle national, continental and international divides, and thereby contribute to reconciliation, social cohesion, nation and continent building. Key to another outcome indicator on research papers is the production of new and decolonized body of knowledge on African resistance, liberation, heritage and spirituality (RLH) to redress distortions of the past. The outcome indicator on seminars, conferences and public lectures, with their carefully chosen topics and themes, is intended to advance the emancipation of the previously suppressed African voice. The other two outcome indicators on dialogues and interfaith programmes include women and the youth as active participants in the shaping of our history, heritage, spirituality and IKS. The two outcome indicators therefore contribute to the burgeoning body of oral history that was despised in the past, and foster reconciliation, social cohesion and the building of a democratic society.

The Public Engagement programme will also for the first time introduce massive public awareness campaigns through establishment of signature events that will attract various target markets to visit Freedom Park and utilise its products and services. These events will be in the form of public lectures, music concerts assisted by massive social media and other marketing campaigns such as production and flighting of documentaries from the heritage and knowledge material existing at Freedom Park. Outreach initiatives will include online debates to accommodate the digitally advanced target market, school debates to compliment school tours and youth and community engagements on issues of social cohesion, nation building and reconciliation. Several ambassadorial initiatives to engage young patriots in instilling the pride of the national identity will be established in collaboration with the Departments of Sports, Arts and Culture and Basic Education. Media ambassadorial programme will target the already established media and communication forums to assist in marketing Freedom Park.

**c) Explanation of enablers to achieve the five-year targets**

The availability of the budget to fund the roll-out of the HK programmes that constitute the core business of the entity is one of the main enablers towards achievement of the 5YR targets. The biggest chunk of the budget should be allocated to the HK department's core business programmes rather than to the supporting departments, as well as the operational and maintenance requirements. Such adequate budget allocation should also cater for the completion of deferred infrastructural projects such as the Gallery of Leaders for the Research & Development Unit; completion of Sentlhaga and Green Room, as well as the introduction of the Sign Language for the Education Unit; Digitization, installation of Braille Facility and introduction of the Electronic Records Management system for the Heritage Resource Unit of the HK Department. Active national, continental and international partnerships initiated and maintained by the HK Department are key to the realization of the

outcome of 'Redress, Inclusivity and Access' and its related indicators and targets. The core business programmes of the HK department can effectively rolled-out with the involvement of a variety of national, continental and international bodies and organizations, as well as cooperation with the Southern African Development Community (SADC) countries and the African Union, as in the RLH project.

Procurement systems and processes will be more focused on achieving the priorities of women, youth and people with disabilities through the spend allocation. Improved turnaround times on procurement for efficient administration, to enhance the reduction of irregular, wasteful and fruitless expenditure. This will require procurement planning and contract management. The maintenance of the unqualified audit outcome will increase the organisational reputation and public confidences on Freedom Park. Plans are in place to realign the organisational structure of the entity with a view to further strengthen administrative, management and financial systems to improve service delivery. Certain functions would be decentralised to expedite decision making and service delivery.

Three outputs were thought through in an effort to achieve the outcome of increased demands for products and services. These outputs will position Freedom Park as a heritage and historical destination for the South African, African and international tourists from all walks of life. The positioning will be done through intensified public awareness initiatives as mentioned above as well as collaborations with like-minded institutions to advance the notions of culture, heritage, history, spirituality as foregrounded by indigenous knowledge systems, as advocated by Freedom Park.

**d) Explanation of the outcomes contribution to the achievement of the impact**

The identified impact to be achieved by the HK Department is 'Social Cohesion'. The key HK Department's outcome that facilitates the achievement of such impact is 'Redress, Inclusivity and Access'. As already explained above, the HK Department has carefully crafted outcome indicators, outputs and targets of the Heritage Resource Unit, Education Unit and the Research & Development Unit – the three key units that comprises the department, for the realisation of the impact.

## 10. Key Risks

Outcome	Key Risk	Risk Mitigation
Improve governance on the implementation of policies	Failure to meet compliance requirements of the Institution	Probation sign off should confirm understanding of policies Bi-Annual policy workshops Delegation of authority Policy awareness using ICT infrastructure
Sustainable diversified revenue streams	Funders are not willing to fund Heritage programmes	Appointment of panel of consultants for fund raising Host Fundraising Gala Dinner Friends of Freedom Park initiatives Selling of documentary productions
Improve effectiveness and efficiencies in governance administration	Poor management of the Institution's knowledge and information	Open the library and archives to the public Upgrade and installing ICT systems Development of Heritage App for information by public Publications
